

St. Thomas More Newman Center

Thank you for signing up to serve at one of our feeding ministries!

Food Safety - Volunteer Expectations

- If you are sick or caring for someone who's sick, please don't volunteer to cook or serve food. Contact the ministry coordinator as soon as you can to cancel your participation.
- You are required to wear disposable gloves when handling food:
 - o You need to wash your hands thoroughly before putting on disposable gloves.
 - o Gloves need to be changed if -
 - going from one type of food to another
 - leave the work area to use the restroom or to take a break
 - gloves are torn
- If you have long hair that is not tied up, you need to wear a hair net (hair nets are available in the kitchen)

Thank you again for putting your faith into action and volunteering!
