

Vaccine Clinic Volunteer Agreement

This agreement tells you what you can expect from us, and what we hope for from you. This event will require flexibility on the part of all volunteers and staff, but we will keep you apprised of any updates or changes.

You can expect the Seattle Metro Chamber AND/OR its Partners to:

- Provide any training you need to complete your assignment.
- Provide PPE for all volunteers.
- Provide snacks and water for appropriate breaks during your shift.
- Provide an on-site Chamber contact for any questions or concerns that you have during your shift.
- Keep you informed of possible changes to your work.
- Handle any patient safety non-compliance situations that you need to escalate.

We expect you to:

- Carry out the tasks you have agreed to as part of your role description to the best of your ability.
- Treat staff, volunteers, and service-users with respect.
- Maintain and keep strictly confidential any patient info or identifying information that you may observe.
- Follow our rules and procedures, including those on health and safety.
 - If you do not follow our safety guidelines, you will be asked to leave.

COVID-19 Safety Guidelines:

- Follow all markings within the building to maintain social distance.
- Plan to bring your own mask and wear it at all times when you are on the floor. You may remove your mask during your socially distanced break times.
 - We will have additional masks, gloves, face shields, and hand sanitizer for you if needed for your assignment.
- You will be asked health screening questions and have your temperature taken upon arrival. If you do not meet the requirements, you will be asked to leave the event.
 - Let us know in advance if you are experiencing any COVID-19 symptoms or have been exposed, and we will arrange for someone to cover your shift.
- Follow and enforce all COVID-19 safety guidelines as directed by the on-site Chamber lead or the vaccination team.
 - You can escalate patient non-compliance to the on-site Chamber lead.

Recognition of Risk and Release of Liability:

We are working to keep all staff, volunteers, and patients as safe as possible by requiring masks, administering health screenings upon arrival, planning for social distancing, and following CDC guidelines. However, there is still risk involved in your participation.
