

# Schedule For Your Vaccination Day

## At Home Before Your Appointment

- Wear clothing that allows easy access to your arm
- Consider wearing a short sleeve shirt with an easily removable coat or blanket
- Bring a mask
- We do not have a restroom easily accessible. We recommend stopping at a gas station or business prior to arriving if needed.
- The entire vaccination process will take about 45 minutes

## Registration

- Confirm your appointment
  - Vaccines are by appointments only, **NO WALK INS**
- Receive your packet of paperwork
  - Review the information
  - A worker in the highway building will complete the forms with you

## Education and Vaccination

- Drive into the highway building, park, and turn off your car
- Stay in your car and keep your car doors unlocked
- A worker will review the paperwork with you and answer any questions
- Receive your vaccination
- Honk, flash headlights, and wave arm out window if you think you or someone in your car is having a reaction, not feeling well, or need assistance

## Safety Monitoring/Observation Time

- Drive outside and follow directions where to park and wait
- Keep your car doors unlocked
- Wait in your car for 15-30 minutes for safety monitoring
  - People with specific health concerns will need to wait for 30 minutes
- Honk, flash headlights, and wave arm out window if you think you or someone in your car is having a reaction, not feeling well or needs assistance
  - An ambulance is located on site
- Wait until a worker confirms you are feeling ok and releases you
