Permission Slip for Whitehills Science Club (valid September 2019 – May 2020)

Thank you for your interest in Science Club! So that we can effectively plan activities and ensure your child's safety, you must 1) complete and provide this slip to Kyle Enger or the Whitehills front office to register for Science Club at least one day before your child arrives for their first Science Club meeting of the year. You must also 2) register your child at least one day prior to each Science Club meeting via SignUpGenius.com so the office and teachers have a roster of registered students. Parents can also 3) sign up to volunteer there (that's appreciated, but not a requirement). For each meeting, we have a limit of 22 K-1 students and a limit of 30 students from grades 2-5. Please do not send your child to Science Club unless you have turned in this permission slip (once in the academic year) and registered them in advance on Sign Up Genius (each month so we have a roster).

Grades 2 through 5 usually meet on **[2019-20 schedule TBD in coordination with office, watch for announcements]**, with kindergarten and 1st grade meeting **[schedule TBD]**. Meetings last from the end of school (about 3:40pm) until 5:00pm. If your child is not in Before & After care (B&A) on Science Club days, we need your permission for your child to come from their classroom to Science Club on their own. If your child is in B&A, he/she must go to B&A first, where he/she will eat the snack provided and then go to Science Club. If your child is not in B&A, please pack a snack for your child.
