

10th Annual

Nuclear Science Day for Scouts

When: **Saturday, March 21, 2020**
9:30 AM - 4:30 PM

Who: Scouts in 8th to 12th grades

Where: Lawrence Berkeley National Lab

Participants in 2011

What: Girl Scouts may earn a Get to Know Nuclear patch
BSA Scouts may earn a Nuclear Science merit badge

Cost: Free

To register: Troop Leaders must apply online by **February 21, 2020**

Registration will be handled by a random draw if the demand exceeds our capacity.

The Nuclear Science Division, the Advanced Light Source and the Government and Community Relations Office at Lawrence Berkeley National Laboratory in Berkeley are hosting the 10th annual Nuclear Science Day for Scouts.

Participants will learn about the ABC's of Nuclear Science and will be involved in a number of exciting and educational activities, including:

- A tour of the Advanced Light Source;
- Detection of cosmic rays;
- Investigation of radioactivity in our daily lives.

For further information on entering this year's event patch design contest and event registration, please visit the event website or email NuclearScienceDay@lbl.gov.
