Active Managerial Control

Give your business a 5 ★ Star treatment in Food Safety!!!

What is it? Having active managerial control includes having procedures in place for controlling identified foodborne illness risk factors through a continuous system of monitoring and verification.

It embodies a preventative rather than reactive approach to food safety.

How will it improve my restaurant? It will help you better understand and implement the following:

- Empower the Certified Manager
- Develop Policies
- Train your staff
- Conduct ongoing verification, correction and monitoring of your procedures

Is there anything required?

Just show up and learn!

What does it cost? It's free!
