

Screened Essential Caregiver (EC) Guidelines

- Utilize main entrance and follow active screening process for COVID-19
- Sign out at reception desk prior to exit
- Abide to scheduled appointment time
- Limit movement within the building and go directly to the resident's room
- Maintain social distancing of at least 6 feet with staff and other residents while in the building.
- Perform hand hygiene and follow all personal protective guidelines
 - Face mask & eye protection must be worn at all times.
 - Follow hand hygiene and personal protective don/doff instructions.
- The EC should not take the resident out into the community except for essential medical appointments.
- Follow respiratory etiquette guidelines
- Please monitor for signs and symptoms of COVID-19 infection (cough, sore throat, shortness of breath or fever) for at least 14 days after exiting this building. If symptoms occur, please self-isolate at home, contact your healthcare provider and immediately notify the building Administrator of the date you were in the building, the individuals you were in contact with and the locations within the building you were.
- The EC may not visit a resident during a 14-day quarantine, positive for COVID-19 or symptomatic, unless the visit is an approved compassionate care.
- Auburn Homes & Services may restrict or revoke EC status if the EC fails to follow social distancing, use of PPE, or other COVID-19 related rules for the building.
- Auburn Homes & Services continues to offer virtual, outdoor & window visits.
