

If you cannot keep a reservation, please cancel it so that another resident may use it. In some instances, there is a no-show rate in excess of 50%.

- 1. To cancel or edit a reservation, go to your Confirmation Email from Tolomato CDD. Click on Edit My Sign Up. This is found below the large View Sign Up tab. From there, you can update or delete a reservation.**
- 2. The edit and cancelation function does not always appear from a mobile device. You may need to do this from a home computer.**
- 3. Please do not ask us to make, edit or delete a reservation for you. Instead, follow the instructions above. We are receiving hundreds of requests to make or change reservations and we simply cannot do it.**

We are currently reviewing residents that have multiple no-shows and how to deal with that. Please be respectful to your neighbors by not reserving sessions you will not use.
