# THE GIFT OF GIVING

Thank you for joining us to **love families** right here in Nashville this Christmas!

1. Review the family's wish list for each individual. Each family has provided a list of each family member's needs, and we request you adhere to this list.
2. **Have fun** shopping for the clothing, toys, and gifts on the wish list!
3. We recommend purchasing a **minimum of three gifts** from each individual's list, spending an average of \$50-75 per individual.
4. Gift specifics: No toy guns. If any electronics are purchased, consider including batteries. All electronic games purchased must be rated "E for Everyone." Nut-free candy only.
5. Please **do not wrap gifts** as someone at your drop-off location will verify that all wishes are fulfilled with age-appropriate gifts.
6. Place each unwrapped gift into a bag or gift bag. Please do not combine gifts for different family members in the same bag.
7. Cut out and securely attach the following gift tags for each family member to the gift bag. Write the gift receipt's ID number on the tag. Blank labels are available for download at [liveoutlovenashville.org/gifttags](http://liveoutlovenashville.org/gifttags)
8. Drop off your gifts at the specified location on **November 14th between 9 am and 2 pm.**
9. If you cannot drop-off during that period, please connect with your site representative to make alternate arrangements.
10. Celebrate **the gift of giving** with us!
