

Dear Dynamic Music Families, Students, and Teachers,

I am SOOOOOOO excited that we will be doing a LIVE (over zoom) FALL STUDENT 2020

RECITAL! 

The fall recitals will be split up over 5 days (so that each recital is under one hour in length).

Please look for an invitation from signupgenius.com, with which you can officially RSVP and sign up for a performance time slot.

The recital zoom meetings will be LOCKED, so please make sure to include all email addresses in the sign up genius, that you would like to be included in the zoom invitation list.

IMPORTANT DETAILS FOR THE RECITAL:

- Recitals are not mandatory, but we STRONGLY encourage participation, because it is so fun for students to share what they are working on!
- Being memorized with your music is great, but not required. Please make this determination with the guidance of your teacher.
- If you need accompaniment for your performance, please set up an accompaniment track on "the student's end" (so that we do not have any delay issues).
- Dress Up!!!! It's fun and it feels more like a real performance when you dress the part :).
- Students are allowed to play/sing, one song each.

Exceptions:

- If students are playing multiple instruments they may do one song per instrument.
- If students are playing very short pieces (less than 1 minute), then they can play two songs.
- If students would really like to perform two songs and there is room within the recital, they can do so, but please pick a favorite, just in case we run out of time within the recital.
- **For your signupgenius RSVP, you will need to enter the song title and composer (or book name).**

Please see the schedule below to find your teacher's recital date and time:

Monday November 16th: 5:30-6:30pm

Andrew Olmstead

Michael Lockler

Jieun Lee
