

AWLA KIDS WORKSHOP

January 12th (Tuesday)

Crazy about Cats- Learn what makes people love their cats so much. This lesson will involve diving into the history of cats and the many different breeds, behaviors, and keen senses, along with many cool facts.

February 10th (Wednesday)

Dogs - Learn about Man's Best Friend. This presentation will cover the origin of dogs, dog behavior and senses, along with safety, fun sports you can do with them, and more.

March 11th (Thursday)

Piggy Palooza! -- Come learn about one of the greatest small animal pets you can adopt: GUINEA PIGS. Kids will learn all about these fascinating rodents including their care, fun personalities, and more.

April 16th (Friday)

Small Bundles of Fuzz -- Who doesn't love fuzzy animals? Learn all about the softest animals in the world -- Chinchillas, in addition to fuzzy Bunnies. This lesson will be filled with information about the care/needs for these two animals, behaviors, history, and more.

May 10th (Monday)

Spring Wildlife Babies - Learn all about the new wildlife you might be seeing in your own backyard: Fawns, bunnies, birds, and squirrels. Learn all about the needs of these animals in addition to understanding when they need help from humans.

June 8th (Tuesday)

Cuddling with Neo-Natal Kittens -- Did you know the AWLA helps more than 800 kittens each year? Learn all about small kittens from when they are born blind/deaf to being old enough for adoption. Kids will also learn about our remarkable Kitten College Foster Program and the care needed to raise these cuties.

July 14th (Wednesday)

Partying with Parakeets - Have you ever thought about owning a bird? Learn about how intelligent these animals are and the care they need to thrive. We will also dive into their dancing and mimicry talents seen in the wild.

August 12th (Thursday)

Careers with Animals - Does your child want to work with animals when they grow up? Learn about various jobs that work with animals and meet some cool people in these positions

September 17th (Friday)

Hamsters & Rats - Have your kids fall in love with rats and hamsters for the same reason Ron Weasley loved his pet rat. This lesson will introduce kids to the behavior and needs of these two small furry friends.

October 4th (Monday)

Into the Night: Bats & Owls- Learn all about these creatures of the night. This halloween-themed lesson will introduce kids to the wonders of bats and owls.
