

## Red/Blue Player Commitment Waiver

This is a copy of the Commitment Waiver you accepted during registration.

SRVGAL has set up the Red and Blue Divisions to provide players in the league the opportunity to play at a somewhat higher competitive level than ordinary recreational softball. Teams in the Red and Blue divisions are formed using a Tryout/Draft format, and as such, once they are formed the player must be fully committed to the team that selected them. Based on this philosophy, SRVGAL has adopted a policy that does not allow a player on a Red or Blue team to miss a scheduled SRVGAL Red or Blue game or multiple practices except for illness or family event. This includes participating with another softball organization. If this occurs, the league may suspend that player from the league for the remainder of the season without the refund of any registration fee.

Any player who has ever pitched in any organized league game or taken pitching lessons, must declare and try out as a pitcher. Failure to comply will result in ineligibility to pitch in the Red or Blue divisions during the regular league season. If an ineligible player pitches in a game, their team will forfeit that game.

By accepting this agreement both the player and parents/guardians agree that they understand this policy and will abide by its content. Remember, this is a commitment agreement with your future teammates.
