7th Grade Honors Algebra Prep Class	Godfrey	Monday	1:00 PM	Our focus is to cover 7th and 8th grade Algebra standards, to prepare for Algebra Honors. We will graph linear equations, calculate unknown variables through inverse operations, identify properties exponents, and get familiar with the different tools we will use during class. Get your calculators, rulers, notebooks, and graphing paper ready!	45
8th Grade Honors Algebra Prep Class	Godfrey	Monday	2:00 PM	Our focus is to cover 8th grade Algebra standards, to prepare for Algebra Honors. We will graph linear equations, calculate unknown variables through properties of operations, identify properties of functions, and get familiar with the different tools we will use during class. Get your calculators, rulers, notebooks, and graphing paper ready!	80
Yearbook Enrichment	Torlucci	Tuesday	10:00 AM	Students who would like to be part of the team to create the 2021-2022 RMA Yearbook can get a jump start this summer with lessons and practice with theme, design, writing, and photography skills. All grades welcome!	12
Civics Kickoff - 21-22 8th Graders Only	Morelli and Left	Tuesday	10:00 AM	Join Mr. Leftwich and Mr. Morelli as we start a discussion about some big topics and ideas. We will also be discussing a lot of ideas and themes you'll see in the 8th grade summer reading. It'll be a great chance to meet your new teachers, make new friends, and preview a hugely important class you'll have in your 8th grade year. We look forward to learning with you all!	Unlimited

				<p>Students will learn about the Elements of Art and how different types of music affect their creative process. Each session will be a thematic exploration of type of music and an element of art. This will be less about an outcome and more about the process of creating. The last class would be to create a digital art show via google slides. (Students will be reading about the elements of art and explaining their creative process). Possible Materials to create on: Printer Paper, Sketch pad, Watercolor paper, or cardboard (anything you find around the house and have permission to use)</p> <p>Materials that could be used each session: (these are just suggested not mandatory) Line- Classical Creations (sharpie markers/medium of choice for coloring) Shape- Electronic Exploration (sharpie markers/medium of choice for coloring) Color and Value- Music from around the world (watercolor paint, crayola markers, or medium of choice) Texture- Mindful Meditation and Natural Mediums (outdoor exploration art with nature) Form and Space- Building with the Blues (building medium of choice examples: legos, blocks, cardboard boxes, clay)</p>	
Oodles of Doodles and Tunes	Brainger	Tuesday	9:00 AM		20
Sphero Summer Enrichment	Stasny	Tuesday	10:00 AM	<p>Students will need a device to download the Sphero Edu app - either ipad, iphone or Android tablet/phone.</p> <p>After registration, student's will be given a Sphero to use for the summer. They will need to print and complete the form: https://drive.google.com/file/d/1sQazM-KJe7AQyLSJEX0FPmx-ZdcbHLcz/view</p>	25
Debate	Morelli	Tuesday	Noon	Debate Club is a fun, educational way to meet new people, learn about new topics, develop skills in presenting and defending arguments without being disagreeable, and have friendly debates about topics that students choose and are interested in!	25
Lights, Camera, Spanish! - 21-22 7th/8th Graders O	Booth	Wednesday	10:00 AM	We will be learning Spanish through stories and a mini-play. We will add in culture and creativity for a fun learning experience. This is a great way to review before entering 7th and 8th grade	16
Narrative of the Life of Frederick Douglass	Oliva	Wednesday	10:00 AM	Douglass was an escaped slave from Maryland who became a leading abolitionist in the fight against slavery in America in the 1850s, and more. As part of the enrichment we will be reading excerpts from his first autobiography and more. The book itself is a pretty short read (70 pages) but so important, impactful, and just a good read. This enrichment opportunity promotes literacy and historical understanding through the analysis of primary sources, his autobiography, speeches, and more	Unlimited
Online Workouts from Home	Garvin	Wednesday	4:00 PM	Easy workouts that you all can do right from your home. It will be very basic but effective and good for your health. Please join me in staying fit right in your personal area.	25

Jazz Improvisation - See prerequisites	Helton	Thursday	10:00 AM	<p>Jazz Improvisation - Reserved for students that have taken 1 or more year of jazz band at RMA OR have taken 2 years of band class or private instrument lessons. Any instrument is welcome - flute, clarinet, sax, trumpet, trombone, bass, guitar, piano, tuba...</p> <p>We will continue to practice our improvisation skills over zoom. I will pass out music and then students will have a chance to practice creating solos from the note options I provide. Students will then improvise performances via zoom.</p>	20
Basic Sign Language	Garvin	Thursday	11:00 AM	<p>Get started with the basics of sign language. Learn to express the alphabet and everyday words. You'll be able to communicate a little without saying a word.</p>	25
