## V-safe After Vaccination Health Checker

Updated Jan. 5, 2021

Get vaccinated.  
Get your smartphone.  
Get started with v-safe.

Use your smartphone to tell CDC about any side effects after getting the COVID-19 vaccine. You'll also get reminders if you need a second vaccine dose.

**V-safe** is a smartphone-based tool that uses text messaging and web surveys to provide personalized health check-ins after you receive a COVID-19 vaccination. Through **v-safe**, you can quickly tell CDC if you have any side effects after getting the COVID-19 vaccine. Depending on your answers, someone from CDC may call to check on you and get more information. And **v-safe** will remind you to get your second COVID-19 vaccine dose if you need one.

Your participation in CDC's **v-safe** makes a difference — it helps keep COVID-19 vaccines safe.

When you get a COVID-19 vaccine, your healthcare provider will give you a **v-safe** information sheet. This sheet provides instructions on how to register and use **v-safe**.

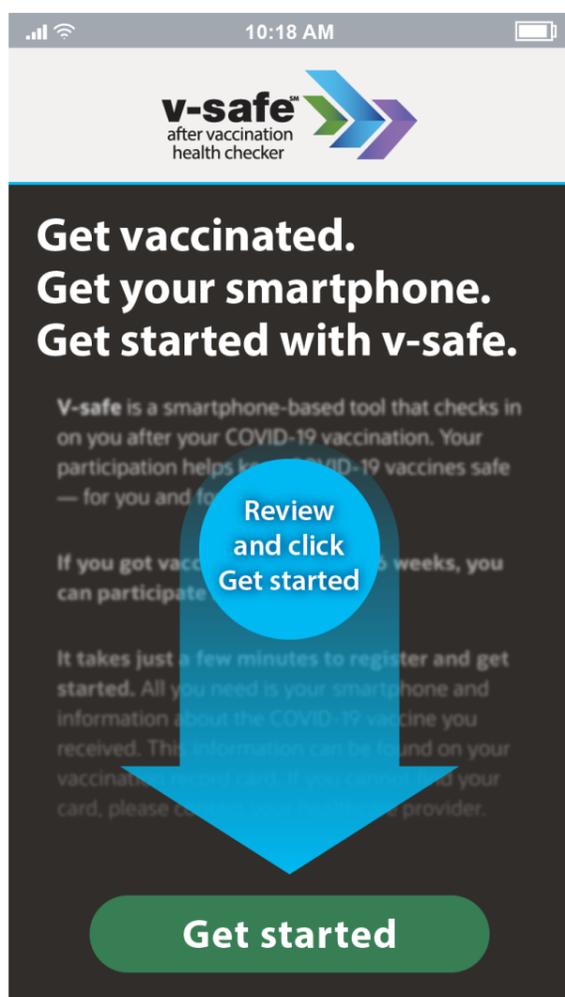

## How to register and use v-safe

You will need your smartphone and information about the COVID-19 vaccine you received. This information can be found on the vaccination record card you received during your vaccination; if you cannot find your card, please contact your healthcare provider.

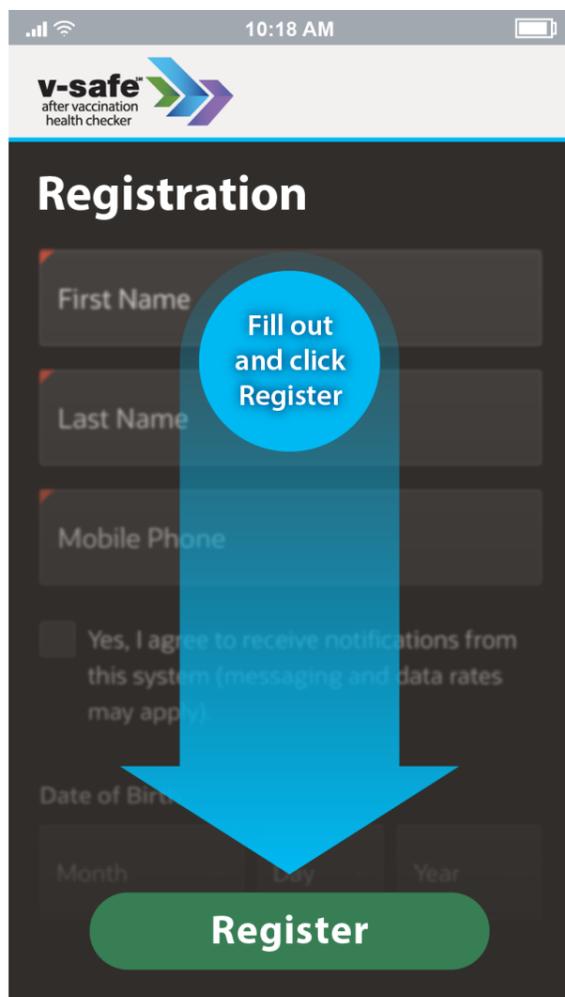

## Register

1. Go to the **v-safe** website using the link provided on the **v-safe** information sheet your healthcare provider gave you when you were vaccinated. Read the onscreen instructions and click **Get Started**.

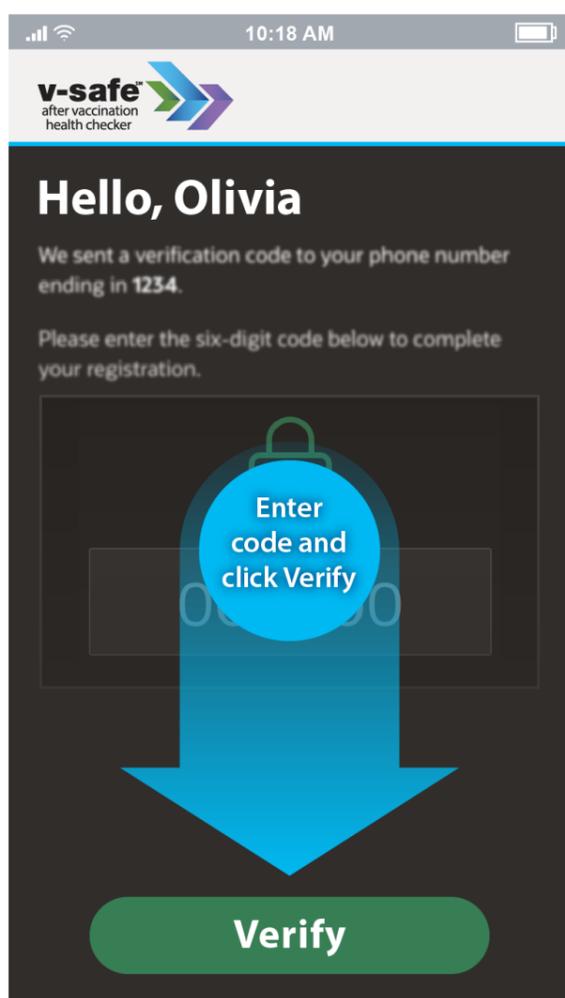

2. Enter your name, mobile number, and other requested information. Click **Register**.

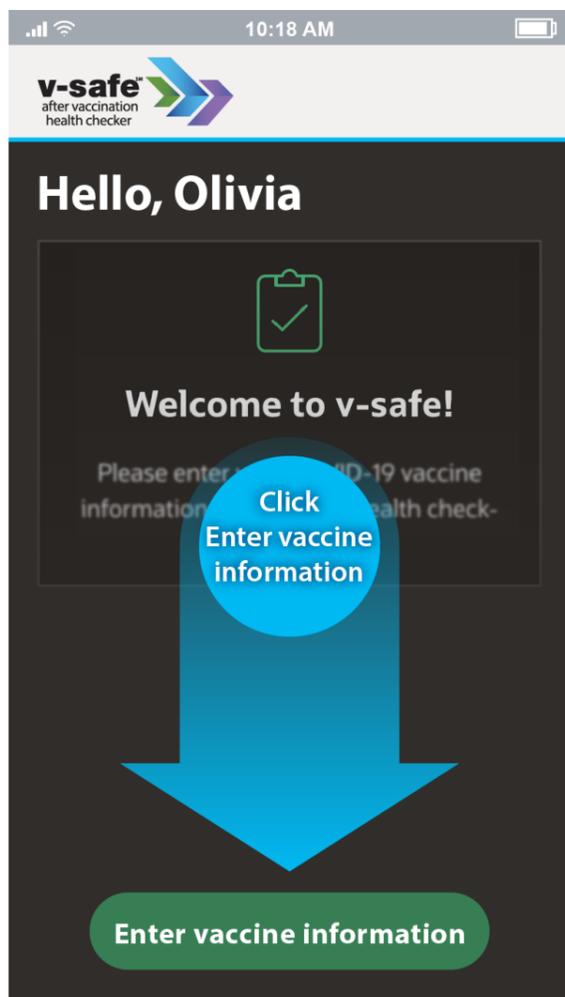

The screenshot shows the registration page of the v-safe app. At the top, the v-safe logo is displayed. Below it, the word "Registration" is written in large white letters. The form contains several input fields: "First Name", "Last Name", "Mobile Phone", and "Date of Birth" (with sub-fields for "Month", "Day", and "Year"). There is a checkbox for "Yes, I agree to receive notifications from this system (messaging and data rates may apply)". A large blue arrow points from a callout box that says "Fill out and click Register" down to a green "Register" button at the bottom of the screen.

3. You will receive a text message with a verification code on your smartphone. Enter the code in **v-safe** and click **Verify**.

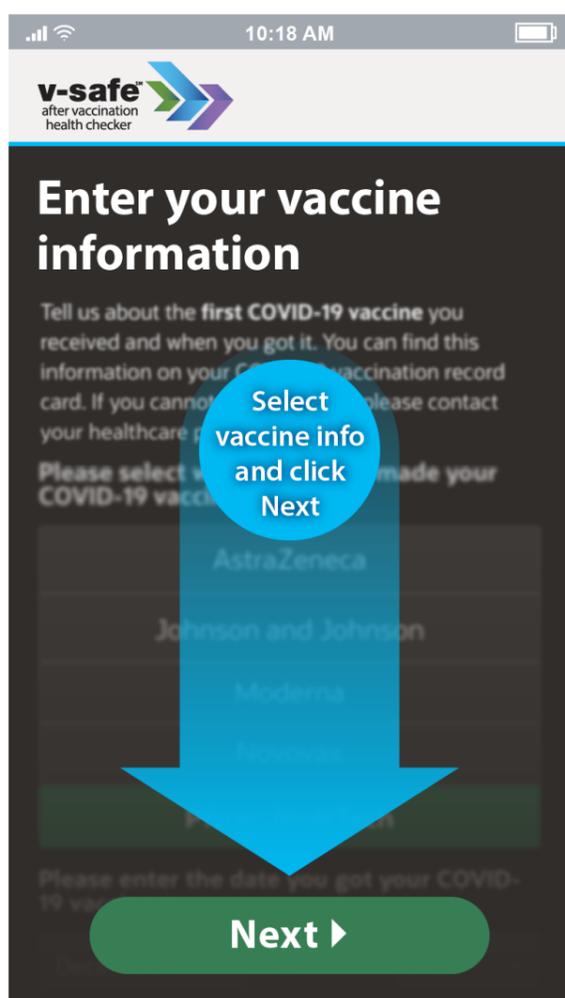

The screenshot shows the verification page of the v-safe app. At the top, the v-safe logo is displayed. Below it, the text "Hello, Olivia" is written in large white letters. Underneath, it says "We sent a verification code to your phone number ending in 1234." and "Please enter the six-digit code below to complete your registration." There is a text input field for the code. A large blue arrow points from a callout box that says "Enter code and click Verify" down to a green "Verify" button at the bottom of the screen.

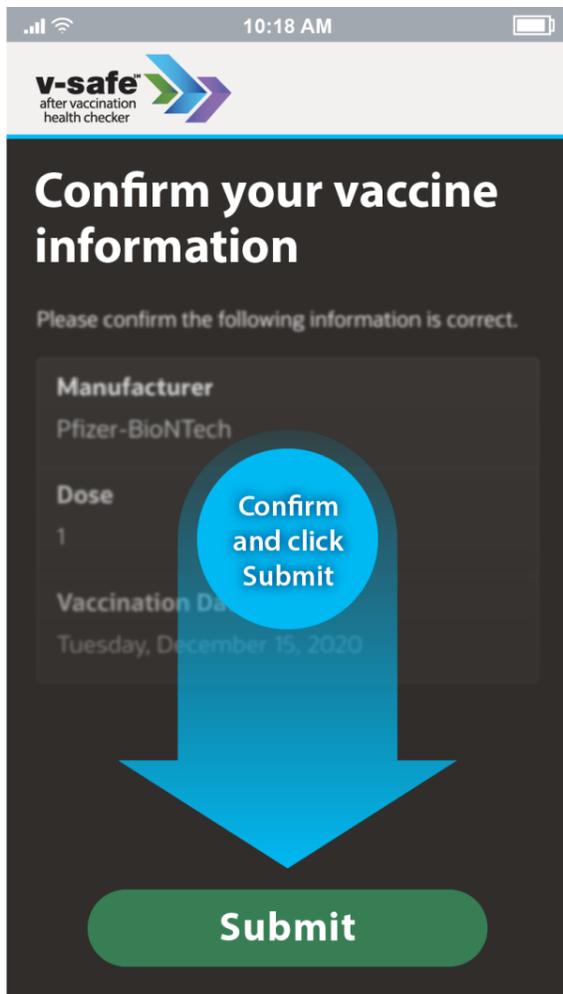

4. At the top of the screen, click **Enter vaccine information**.

5. Select which COVID-19 vaccine you received (you can find this on your vaccination record card; if you cannot find your card, please contact your healthcare provider). Enter the date you were vaccinated. Click **Next**.

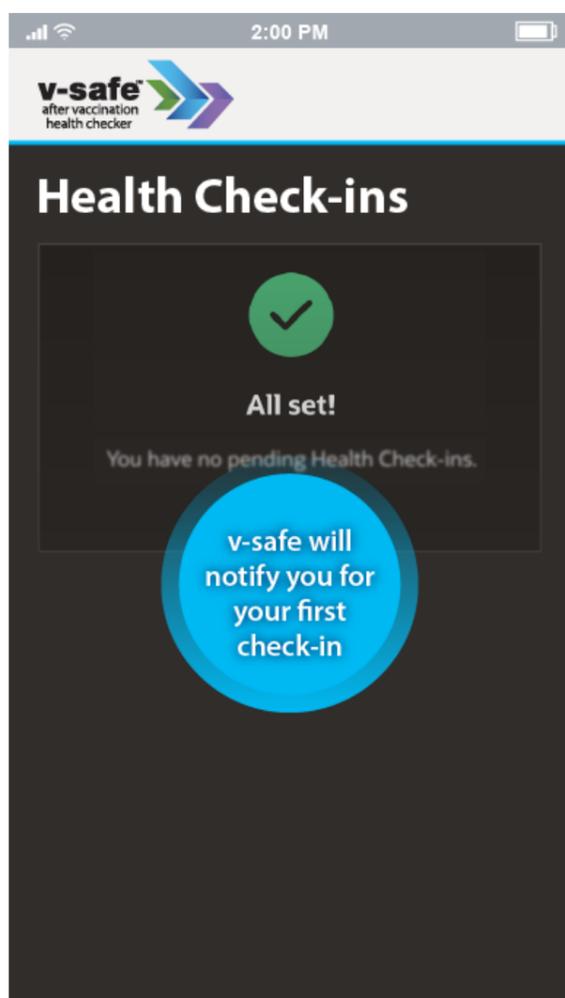

6. Review your vaccine information. If the information is correct, click **Submit**. If it's not correct, click **Go Back** to correct it.

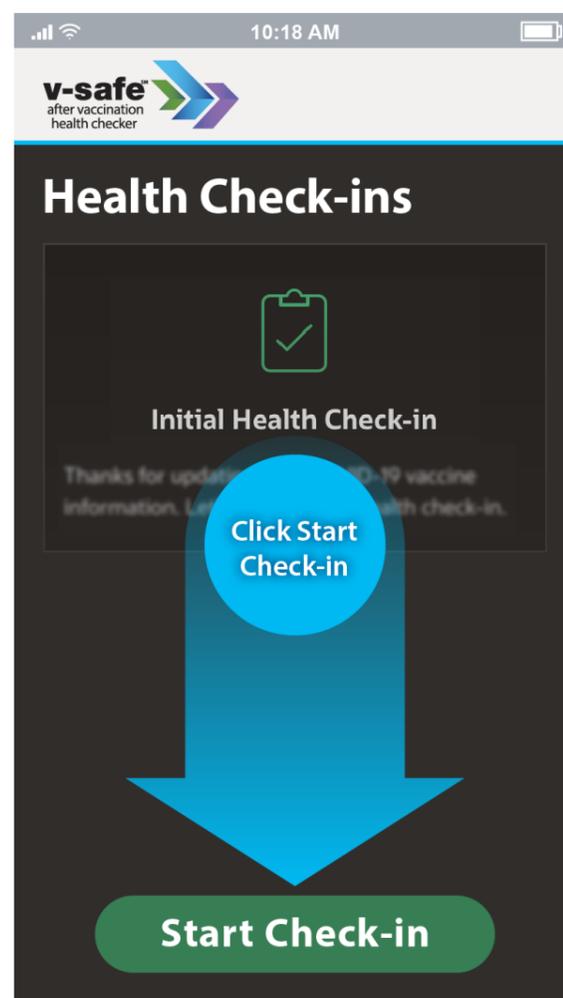

7. Congrats! You're all set! If you complete your registration before 2 p.m. local time, **v-safe** will start your initial health check-in around 2 p.m. that day. If you register after 2 p.m., **v-safe** will start your initial health check-in immediately after you register — just follow the instructions.

Registration **before** 2 p.m. local time:

Registration **after** 2 p.m. local time:

## What happens next?

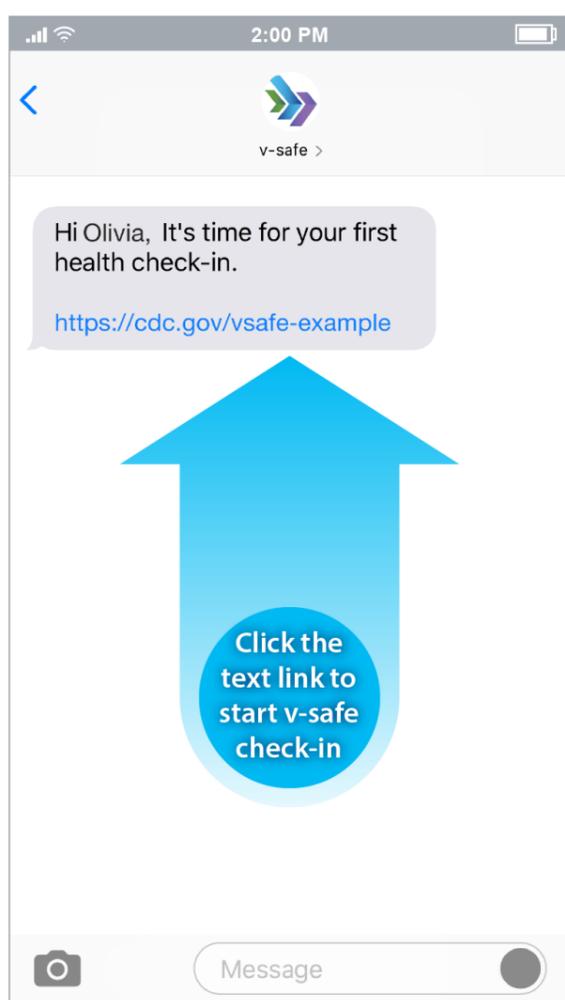

You will receive a mid-afternoon reminder text message from **v-safe** for the next check-in. Just click the link in the text message to start your check-in.

check-in. Just click the link in the text message to start your check-in.

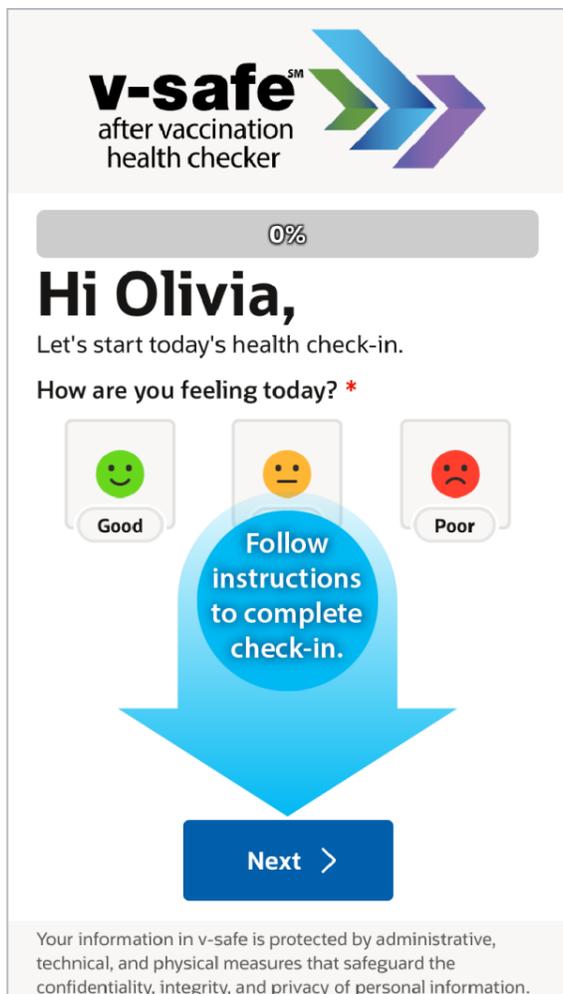

## Complete a v-safe health check-in

1. When you receive a **v-safe** check-in text message on your smartphone, click the link when you're ready. Remember: Links to **v-safe** daily surveys expire at 11:59 PM local time on the day you received the link. Links to weekly surveys expire at 11:59 PM local time on day 6 after you received the link.

2. Follow the instructions to complete your check-in.
