

Traffic Control

Non-Medical

DUTIES: Provide direction to traffic flow or walk ups to facility where POD is located

ARRIVAL

- ☐ Sign in
- ☐ Report to site leader for briefing and Just-In-Time training

DUTIES

- ☐ Obtain and setup supplies needed for traffic flow such as signage, cones and/or rope/tape in areas to ensure the line flows smoothly from the entry to exit including the Greeting, Screening, Vaccine Preparation, and Vaccination Station areas
- ☐ Provide direction to the traffic flow within the POD. This may be in areas near the front entrance, Greeting, or Vaccination areas, or the exit
- ☐ Advise drivers when to move car and when to put car into park. Be alert for potential hazards for cars and pedestrians
- ☐ Create order with flow of cars and provide information to drivers regarding POD site

DEPARTURE

- ☐ Report departure to site leader
- ☐ Sign out
