

## **SPC Launches “Adopt a Bed” Project to Keep Church Grounds Beautiful**

Building and Grounds Ministry invites SPC members and groups to “Adopt a Bed” for weeding and maintaining our trees and shrub beds throughout our beautiful church grounds. Adopted beds are labeled with numbers on small white stakes. According to Building and Grounds Elder Joe Lhotsky, the new continual-maintenance project will be more effective than just holding bi-annual workdays. “For this project, we are asking individuals, families, groups, or committees of the congregation to adopt one or more shrub or tree beds and maintain, weed and keep trash-free year-round,” said Joe. “Most of the beds are small and can be tended by one or a few individuals, and some require a larger team. Maintenance schedules for weed and cleanup are determined by individuals or teams.”

If you need assistance signing up or have additional questions, contact Joe Lhotsky at (704) 516-0964 or [cvlhotskyj@gmail.com](mailto:cvlhotskyj@gmail.com).
