

## **100 Hours Therapeutic Thai Massage Course-** **Basic and Intermediate**

Learn REAL Thai Massage from an experienced and highly skilled Thai Massage therapist who is eager to share her passion with you. Kay is a Thai Massage therapist with over 20 years of experience practicing Thai Massage. She received her education and training at the Traditional Medical Massage School in the home country of Thailand and has been practicing Thai Massage since then. She currently has a thriving business of over 3,000 clients receiving services at her business in Madison, WI. In addition, Kay had been an instructor of Thai Massage for many years in the massage therapy program at Madison College in Madison, WI. You will receive a very thorough education in Thai Massage and be able to perform the techniques with confidence. Thai Massage can benefit your current clientele and allow you introduce new techniques to your thriving massage career or be used alone as a specialized massage modality. Thai Massage is very therapeutic for many health problems, as well as restoring the body to a state of balance for overall health and wellness. It is practiced throughout Thailand as part of the Traditional Thai Medicine. People in Thailand receive Thai Massage for preventative care, recovery from injury, pain management, and more. Courses are approved by NCBTMB for CEUs for massage license renewal. L1 class is open to all students.
