

Climate Change in San Antonio: LWVSA Webinar #2

Health Concerns

10:30am-Noon Saturday, June 25, 2022

In service to our community, the *League of Women Voters of San Antonio* is offering a series of free, interactive webinars on *Climate Change in San Antonio*.

This, our second of the series, will feature:

- **Dr Alfred Montoya**, Trinity University, will provide an overview of climate change and how it is affecting our health.
- **Dr Adelita Cantu**, UT Health Science Center San Antonio and Vice-Chair for the SA Climate Equity Advisory Committee, will discuss climate change's effects on the prevalence of chronic diseases in our society (e.g. diabetes, asthma and PTSD).
- **Dr Rita Espinoza**, San Antonio's Chief of Epidemiology, will share San Antonio's plan to combat climate change and the San Antonio Metro Health District's role.

A panel discussion will follow to address your questions.

Future webinars will address our: air, water, food production, transportation, energy needs, economic, and equity issues. The video of our first webinar: [LWVSA Climate Change #1](#) is available on our website. Just look for this flyer.

Check our website [LWVSA.org](https://www.lwvsa.org) for registration and updates.
