

Outdoor Mass at All Saints Parish

Our location for outdoor Mass is the fenced parking lot at the corner of 6th Ave SW and 3rd St SW. Entrance is via the gate at the northwest corner (follow the white lights along the fence).

Two 30'x100' canopies provide cover from the brunt of the rain and sun, and festive lights provide a warm glow to our space at night.

Our capacity is based on current State guidelines. The covered area accommodates 150 to 200 persons seated depending on group sizes. Chairs are provided for up to 200 persons on regular weekends and 300 persons for special holidays.

Please dress suitable for the weather. Prior to receiving Communion, be sure to remove any gloves.

Communion is distributed to the assembly by ministers who travel to you. Ample hand sanitization stations are throughout the area. Restrooms are located inside the school building.

Face coverings are required; should you need one, a limited supply is available at the check-in table.

All attendees are asked to make a COVID-19 self-assessment prior to attending. The latest guidance for self-assessment is linked to the signup in a separate document.
