I have been given a copy and have read/or have had explained to me the FDA Emergency Use Authorization Fact Sheet for the COVID-19 vaccine (the "fact sheet"). I have had a chance to ask questions that were answered to my satisfaction. I understand the benefits and risks of this vaccine and ask that the vaccine be given to me or the person for whom I am authorized to make this request. I understand that two doses of the vaccine are recommended as described in the fact sheet. **I have been advised to wait for 15-30 minutes of observation after receiving my vaccine before leaving.**
