# Casserole Program Guide

Thank you for inquiring about our Casserole Donation Program; preparing casseroles to be used for lunch or dinner is a great way to help us serve the guests in our shelters!

**IMPORTANT:** if you decide to do a casserole drive, first please email Jose at [jperez@stvincentdayton.org](mailto:jperez@stvincentdayton.org) or call (937)222-5555 x144 to be placed on the schedule. (You can also use this email for general questions.) To ensure we have adequate storage space for casserole drives, we do need to know in advance when you plan to drop off the casseroles.

**These casserole donations are so important to our shelter guests.** We serve three meals a day, 365 days per year in our homeless shelters.

- **For the men's shelter, we require about 20 casseroles for one meal.**
- **For the single women and families, it requires about 15 casseroles to make a meal.**

Please note we need the casseroles to be delivered to us all together and FROZEN. There is more information on that in the details below. Also, it helps our kitchen staff immensely if all the casseroles are of the SAME recipe.

The information contained herein will provide you an idea of how to structure a large casserole donation, as well as provide helpful information you can give to your casserole-making volunteers, including recipes that have been give the seal of approval by our Foodservice Manager.

## Helpful Hints

Typically, an organization will announce the casserole drive several weeks prior to when they need to be dropped off to St. Vincent.

1. Prior to the drive, a copy of the recipe, which includes general instructions, is folded and placed in the bottom of each pan. This gives the maker the instructions plus recipes. We have included numerous recipes within this document that you can use. We recommend that you choose one recipe per drive; it is much easier for our food service staff to manage if all of the casseroles coming from an organization are the same. It is recommended that the pans used be ½ size disposable steam table pans (approx. 12x10), sturdy, and have sturdy foil lids. An example of this kind of pan and lid:

2. Before the pans and lids are handed out to your casserole-making volunteers, the organizer(s) should place a label on each lid so the shelter knows the date prepared and the food within.
3. A table can be set up at your church or organization up to two weeks prior to scheduled delivery at St. Vincent to hand out pans and conduct a sign up. We recommend a signup sheet be used to include the maker's name, # of pans, and a telephone number or email so that your volunteers can be reached if they forget to drop off their casseroles on the designated date.
4. Many churches and organizations have found it helpful during the designated drop off day/time to run it like a drive through! Your volunteers drive up, you help unload their casseroles and they drive away. Gloves are a good idea as all the casseroles will be frozen.
5. Once you have received all of your group's frozen casseroles, you can make your scheduled delivery to our food donation dock at 1133 S. Edwin Moses Blvd. Please pull up to the end of the ramp with the black railing. Ring the bell for assistance. See the large sign with blue lettering for further instructions.
6. The following page is provided to you to give to your casserole-making volunteers. Please complete the "Drop Off Frozen Casseroles" section on the following sheet with your organization's information before you give this sheet to your volunteers.
7. Finally, there is a list of recipes enclosed here as well! It might be easier to cut and paste the recipe of choice onto the following sheet before giving this sheet to your casserole making volunteers. Then all of the information they need is on one piece of paper.
