

COVID GUIDELINES for DONE TO DEATH

- 1) Audiences must wear masks while in Starlight Theater.
- 2) Cast & Crew must be vaccinated if 12 or older. Proof of vaccination is due prior to rehearsals starting and should be sent to covid@starlightcommunitytheater.com with GODSPELL as the Subject.
- 3) Cast & Crew must be tested for COVID weekly starting April 4 to May 7 (either PCR or Rapid test; not in-home test). Test results must be sent to covid@starlightcommunitytheater.com by 5pm on the Thursdays of each week.
- 4) Cast & Crew must wear masks at **all rehearsals before tech week**. It is Starlight's current plan to perform DONE TO DEATH without masks on the cast. However, that could change should the COVID situation worsen. Actors will be provided a performance mask if this protocol is in place at that time.
- 5) Cast & Crew (or their parents if younger than 18yo) will sign an agreement saying that they understand these protocols and agree to follow them.
- 6) Starlight Community Theater may amend this protocol at any time if the situation warrants.
