

COVID-19 Precautions

Due to the COVID-19 pandemic we will be implementing several precautions to protect your family and our library staff.

1. **Only 5 children allowed per Story Time event.**

We are asking all families to register their children for Story Time each week. The sign up

will be posted on Mondays, for the following weeks Story Time schedule. You can find the sign ups on our social media pages or our website. You may also give us a call, at (405) 373-9018 to register over the phone.

2. **Each Child Must be Registered to attend Story Time.**

Families with several children are welcome. We do ask that any siblings attending stay with your family on your socially distanced mat area.

3. **One adult per family. Mask Required.**

There will be chairs set up behind our gathering space for adults. You may also sit with your child on their mat. We will have clean mats ready and socially distanced.

4. **The library will be cleaned before and after each event.**

We will clean diligently and run a HEPA Air Filter in the program room. Toys in the children's literature room will be unavailable until further notice.
