

Volunteer Guidelines During COVID-19

Neighborhood House's first priority is to keep all volunteers and their families safe during COVID-19. The following are general guidelines for in person volunteerism to help keep you, your families, other volunteers and staff safe.

General Guidelines

- Please do NOT show up to volunteer for any activity if in the last 14 days you have:
 - Traveled to any foreign country or large city
 - Been on a cruise or been in an airport
 - Been in contact with someone who has tested positive for COVID-19
 - Been to an event with more than 250 people
 - Exhibited any symptoms of COVID-19 or if you are not feeling well in general
- Please do NOT show up to volunteer without signing up on the Sign Up Genius or contacting Neighborhood House in advance.
- Please wear a mask AT ALL TIMES during your volunteer shift. If you have your own mask(s), we ask that you bring them for your shift.
- Please practice proper hygiene practices. Wash or sanitize your hands before, during, and after volunteering.
- Practice social distancing at all times.

What we are doing to keep everyone safe:

- We will limit the number of volunteers to help prevent the spread of COVID-19.
- Increasing sanitation practices at our facilities. We have our maintenance team coming in daily to deep clean the Food Market. We also are sanitizing all high touch areas at the beginning and end of each shift.
- We are providing masks and gloves to minimize spread.
- The Food Market is currently operating under a curbside pickup model and prepacking boxes to keep our staff, volunteers, and families safe.
